

Nulty-Dixon Nuptials At St. Margarets Saturday

Bride is Daughter of Local Fire Chief; Groom is One of Three Brothers Who Joined Armed Forces; Marriage Has Military Flair

Matrimony sealed another truth in Narberth at four o'clock last Saturday afternoon, one that stemmed two households long established in this section, the kind of people who know how to get good things done and who have well earned the esteem and respect of the neighbors because of their effective kind of life and also because of the notable manner in which they have contributed to the general welfare.

Corporal Edward T. Dixon, now with the Postal Artillery, was the groom, and Kathryn Jane Nulty was the bride, the ceremony being performed by the Rev. Charles P. O'Connor at St. Margaret's Church.

Pretty as a picture was Jane in her white dress and veil, the marquisette ensemble being well worth a real furbelowed description by one who is apt at such things—a talent denied this reporter, who must content himself by merely stating that she looked just lovely as she proceeded up the aisle tucked on the arm of her forthright father.

Of course, Edward had on his soldier's suit, no other attire being more appropriate for a benedict in these bellicose days, and beside him as best man was another local service lad, Lieutenant Richard M. Cabrey, the pair of them being friends for many years.

The bridesmaid was Mrs. Walter G. Hoder, nee Catherine Gable, her attractive frock deriving from yellow silk chiffon, while the matron of honor, Mrs. George Gazella, who is Jane's sister Mary, wore a blue dress which was also of marquisette origin.

The data regarding these excellent habits, it should be noted, was furnished by Mary Elizabeth Rowan, and that means authentic facts are being recorded.

Albright Barnes Nulty, brother of the bride, was in the forefront of the wedding march to the altar and he provided a note to the impressive ritual that added nicely to the pleasant memories of the happy occasion. Fred Becker, of Philadelphia, old friend of the Nulty family, sang Gounod's Ave Marie.

There was a wedding dinner at the Wynnewood House and in the evening there was a reception at the Nulty home. Only a brief trip was possible to the bridal couple, as, after the way of war, Edward had to return to his Down East camp on Sunday evening.

As most everybody knows, the bride is the daughter of Mr. and Mrs. Albert H. Nulty and the groom is the son of Mr. and Mrs. Frank Dixon, it being difficult to say which family has been in these parts the longer.

Probably the Nultys have lived

Bible School to Open June 14

Plans for the Community Vacation Bible School of Narberth have been announced by the principal, Mrs. C. H. Woolmington. The school will be open from Monday, June 14, until Friday, June 25.

Sessions will be held at the Narberth Presbyterian Church, Windsor and Grayling Aves. Registration, which will be in charge of Mrs. Norman Lehr, will begin at 8:30 A. M. on the opening day of school.

The curriculum has been enlarged to include those over and under the usual Bible school age limits, who wish to attend classes. The intermediate group, for children over 12, will be in charge of Miss Florence Furber, and will study church history.

The junior group, over which Mrs. Byron Nelson will preside, will study the customs and manners of Palestine in the time of Christ.

Mrs. A. S. Digby, supervisor of the Primary Department, will discuss "Central America" with her charges.

Mrs. B. McSeveny, in charge of beginners, age 3 to 5 years, will discuss with her classes "The World That God Made."

A carefully integrated program of activities has been arranged to give pupils a variety of summer occupations in addition to their study. Music, handwork and games will be on the roster.

Other members of the committee for the school include Mrs. Fred M. Robb, Jr., chairman of publicity; Mr. George M. Black, Sr., chairman of transportation, and Mr. Fred M. Robb, Sr., member at large.

One hundred and eighty-eight pupils registered in the school last year and the committee hopes for a larger registration this year.

Classes will meet Monday through Friday from 9 A. M. until noon.

The Corporal's Bride

MRS. EDWARD T. DIXON
NEE KATHRYN JANE NULTY

in the borough for more years than the Dixons, as the latter resided over the township line until 20 years ago, while Al Nulty appears to have been in Narberth for more than 35 years.

During that time he has done many things for the town, now being its fire chief, and immensely interested in his accountability. For at least 25 years has been Curator at the Barnes Foundation, a task of manifold duties, and there he has a boss who is well known to be highly allergic to "phonies," with particular discernment for picking them out pronto. Al's long tenure of office demonstrates his kind of trustworthy timber and his employer's appraisal of him finds full accord in the neighborhood at large.

The Dixons are of the same hardy mold, Frank's reliable ways being something to conjure with in a small town where men and their habits are always under close review.

He is not yet an old man, nor nearly so, but along with Mrs. Margaret Thouron Gordon, Mr. and Mrs. Fred Hipkiss and perhaps a few others, he is in the vanguard of St. Margaret's oldest parishioners, as he has been going to the local church since long before the present edifice was built. . . . the services being held for a number of years in the basement, which now constitutes the parish hall.

Three boys have gone forth from the Dixon household to serve the country's cause—the newly wed Edward; Frank, Jr., who is in Indiana, and John, who was reported missing in convoy action, and who previously made many a perilous trip with Russian supplies.

That's the kind of prized succession which presents itself to Edward and Jane as they start their marital sailon life's uncharted sea and they should be well aware of splendid substance as they take grips on their new career and realize that they are well fortified to make the most of it.

And we are all very sure that they will.

THE SPECTATOR.

Church to Celebrate Dual Anniversary

On Sunday, May 23, the Baptist Church of the Evangel will celebrate two anniversaries. It will be the twentieth anniversary of the ordination of its pastor into the ministry and the fiftieth anniversary of the founding of the church.

As part of the observance of these two anniversaries, the church has planned a special service to take place at the usual time of Sunday morning worship. The sermon will be preached by Dr. Ivan Murray Rose, pastor of the First Baptist Church of Philadelphia. Special music will complete the program.

Signal Corps Training Now Open to WAACs

Signal Corps training has been made available for enrollees in the Women's Army Auxiliary Corps, according to Major General Milton A. Reckord, commanding general, Third Service Command.

High school graduates are eligible for the WAAC-Signal Corps Training. Applications are accepted in Room 803, Custom House, Philadelphia.

State GOP Women Honor Mrs. Beerer, County Treasurer

Mary H. Beerer, Norristown, Montgomery County Treasurer, and vice chairman of the Montgomery County Republican Committee, has been named Southeastern Regional Chairman of the Pennsylvania Council of Republican Women.

In this capacity, she will preside at the Southeastern Conference of the Council, to be held Monday, June 7, at the Bellevue-Stratford Hotel, Philadelphia.

In this capacity, she will preside man, Mrs. Beerer will be in charge of a 10-county area, including Montgomery, Delaware, Bucks, Chester, Berks, Lancaster, Lehigh, Northampton, Schuylkill and Philadelphia.

She was appointed to this post by Mrs. John Y. Huber, Jr., of Haverford, president of the Pennsylvania Council of Republican Women and the appointment was confirmed by the State Council Board.

Mrs. Beerer, also, is president of the Norristown Council of Republican Women. She succeeds Mrs. Eleanor Evans, of Delaware County, as Regional Chairman.

State co-chairmen for the Philadelphia conference are Mrs. Edna Carroll, Philadelphia, and Mrs. Hannah Durham, Allentown.

G.O.P. COMMITTEE OF TOWNSHIP MEETS

Importance of Voting Registration Stressed by Speakers

The importance of voting registration was stressed at a meeting of Republican County Committee members of Lower Merion and Narberth Tuesday night at the Township Building, Ardmore.

Called by Samuel K. McConnell, Jr., chairman of the Lower Merion Township Republican Committee and Area Supervisor for Lower Merion and Narberth in the Republican County Organization, the meeting was attended by more than 50 committee people and Republican workers from the 22 election districts of the Township and Borough.

Speakers included Mrs. John Y. Huber, Jr., Haverford, vice chairman of the Township Republican Committee; Mrs. Mary Beerer, Norristown, vice chairman of the County Republican Committee; Judge William F. Dannehower, of the Montgomery County Courts and Russell S. Knipe, personnel director for the county.

County Commissioners Fred C. Peters, Ardmore, and Foster C. Hilligass, Pennsburg, were in attendance.

Presenting registration figures for the Township and Borough, Knipe also exhibited placards with a breakdown on registration for each election district. His data indicated that there are approximately 10,000 persons of voting age in Lower Merion and Narberth who are not registered.

Next Tuesday, May 25, is the first day for registration for voting in Lower Merion. Registration of the County Registration Commission will sit at the Township Building, Ardmore, on that day from 1 to 9 P. M. to conduct all forms of voting registration business.

(Continued on Page 2)

GOVERNOR PRAISES COUNTY DELEGATION

Cites Aid of Montgomery Representatives in Legislature

The record of the Montgomery County delegation in the Pennsylvania Legislature at Harrisburg in the session which was concluded recently was outstanding, according to Governor Edward Martin, both for leadership and cooperation with the administration's legislative program and for the high quality of representation afforded the county.

Governor Martin expressed his satisfaction with the work of the Montgomery legislators to Lloyd H. Wood and Edwin Winner, representatives from the Third District. Wood, chairman of the Montgomery County Republican Committee, was a member of the House Rules Committee, known as the "Little Cabinet," and also served as chairman of a subcommittee of the important Appropriations Committee, which investigated all proposed legislation dealing with expenditures. Winner, dean of the Montgomery County delegation, was chairman of the all-powerful Ways and Means Committee.

Wood was co-sponsor of the Automobile Registration Fee Bill, which reduced the price of all 1943 automobile plates to a flat fee of \$10, a step which will result in the saving of \$3,000,000 to motorists in the 1943-44 biennium.

Winner, as chairman of the Ways and Means Committee, sponsored all tax bills, including House Bill 1022, which restores the five percent manufacturers' exemption on capital stock used exclusively for manufacturing purposes.

The State four mill personal property tax, first enacted during the Earle Administration as an emergency measure, and re-adopted since, was discontinued by simply not re-enacting it. Lambert Cadwalader, chairman of the Counties Committee, representative in the House from the First District of the county, introduced a resolution recommending that this tax be dropped, a position which was subsequently concurred in by Winner's Ways and Means Committee.

Representative Charles H. Brunner, Jr., the county's Second District legislator, sponsored the anti-stream pollution bill, aimed primarily at eliminating the practice of dumping silt from the coal regions into the Schuylkill River. This measure, a highly controversial one, which has been introduced in several previous sessions of the Legislature, developed a large measure of public sentiment in its favor but failed to win sufficient support from legislators representing the coal regions of the State. The Norristown Representative was chairman of the Judiciary Special Committee of the House.

Howard F. Boorse, Lansdale, representative from the Third District, was very active in the work of several committees including those on Fisheries, Building and Loan Associations, Military Affairs and as vice chairman of the Liquor Control Committee.

State Senator Franklin Spencer Edmonds, who was ill during the opening days of the session, kept in close touch with the legislative schedule and contributed authoritative advice on tax and school problems.

NARBERTH TO HAVE DEMONSTRATION

Council of Defense to Sponsor Bell Telephone Show

A graphic demonstration of what happens before, during and after an air raid, including the new "blue" signals will be shown to local civilian defense workers and the public at a meeting to be held at 8:45 P. M. Wednesday, May 26, in Parish Hall, of the Narberth Methodist Church, Price and Essex Avenues, Narberth.

The meeting is being sponsored by the Narberth Council of Defense.

The demonstration was developed and will be presented by the Bell Telephone Company to show how the various activities of the civilian defense groups are coordinated with military defense plans in the event of an air raid.

Flashing lights, accompanied by sound effects on a 19 by 18 foot panel, show the work by civilian defense workers from the time the first spotter hears the sound of approaching enemy planes until the last bit of damage has been taken care of by emergency squads.

The demonstration starts with the first sound of approaching planes, showing how the spotter gives the "army flash" telephone call, the nearest filter board, where the information is plotted and passed on to the information center.

As the details are gathered, warning signals are sent out and the telephone wires are busy as key civilian defense leaders are warned of the approaching danger so they may be ready to swing into action without delay.

Other speakers see and hear the planes and send in further information, which is charted on the filter board and at the information center so that the line of flight of the planes can be verified.

As it appears that the planes are approaching the city, the public warning goes out. This signal gives wardens and emergency groups such as civilian police, firemen and bomb squads, time to get to their posts, ready for action. Necessary blackout measures are taken.

Telephone calls are heard, directing fire squads to one point, sending an ambulance to another, a rescue squad to a third. Meanwhile, the noisy racket of the anti-aircraft guns is heard as they attack the enemy.

The demonstration then shows that the work of the civilian defense groups is not completed after the enemy planes have been driven off.

Emergency telephone calls are still keeping the lines busy at the control center as the wardens check over the districts finding new damage. Calls for help still come in and instructions to the various emergency groups must be sent out. Groups already out may be redirected to new trouble spots.

The demonstration shows the relationship of each civilian defense worker to the united defense program and the important part each man and woman plays during an air raid.

It also emphasizes the importance of the telephone in keeping the various groups co-ordinated and the need of keeping telephone lines clear during and for some time after air raids so that there shall be no delay in the completion of emergency calls.

Civilian Defense Information

YOUR RATION CALENDAR

SUGAR—Coupon No. 12 good for 5 lbs., must last through May 31. Coupons for sugar for home canning available at local ration boards on and after May 15.

COFFEE—Stamp No. 23 (1 lb) good through May 30.

FUEL OIL—Period 5 coupons valid in all zones until September 30.

SHOES—No. 17 stamp in War Ration Book One good for one pair through June 15.

MEATS, ETC.—Red Stamps E, F, G, H, remain valid through May. Red Stamp J becomes valid May 23.

PROCESSED FOOD—Blue Stamps G, H, J, remain valid through May.

OVERSEAS PARCEL POST

Packages may now be mailed to a soldier overseas if a request is received from the soldier and the envelope bearing the APO cancellation mark is presented at the time of mailing. Formerly, the approval of the commanding officer was required. Current restrictions as to weight and size of packages remain in effect.

FIGHT POTATO BLACK MARKET

OPA investigators are being sent into major shipping centers of the early crops of white potatoes, and into approximately 50 of the country's principal terminal market areas in an effort to prevent black market practices. Maximum prices for country shippers of early crop potatoes in the south and southwest range from \$2.40 to \$2.50 a hundred weight, except for Florida where the maximum is \$3.10. Some arrests have already been made.

MUST CARRY DRAFT CARDS

Selective Service registrants who were 18 years old on or before November 13, 1942, must have their local board classification cards (Selective Service Form 57) as well as their registration certificate (Form 2), in their personal possession after May 13. Men without both cards are liable to fine and imprisonment, Selective Service Headquarters warned.

FREIGHT RATES REDUCED

More than 350 million dollars will be saved annually by a reduction in railroad rates that went into effect May 15. In most cases the savings will be reflected automatically in reduced prices through the operation of existing maximum price regulations. Added to current actions to roll back the cost of living, these freight reductions will contribute substantially to the prevention of inflation.

HAM PRICES REDUCED

Maximum retail prices for all parts of processed hams (bone-in) and processed picnic hams, have been reduced from one to three cents per pound by OPA. One-third of a ham may now be sold in slices, to accommodate consumers who do not have enough points to buy a larger piece.

OIL—COAL—OR WOOD

A householder no longer has to prove that his oil-burning furnace cannot be converted. Formerly, extra rations were denied unless this proof was presented, although basic rations have been provided regardless of convertibility. There will be no change in basic rations procedure. It is still necessary that other than household users convert to coal or wood whenever possible.

HEARINGS ON GAS RATIONS

New rules permit local war price and rationing boards to conduct hearings to revoke gasoline rations if:

- (1) The motorist is charged with speeding (driving more than 35 miles an hour).
- (2) The motorist is charged with abuse of his tires.
- (3) An applicant for a new gasoline ration is believed to have committed a previous violation.
- (4) A ration holder charged with a violation demands return of his book before a written notice of hearing can be sent him.

SAVE TYPEWRITER RIBBON SPOOLS

Saving typewriter ribbon spools will postpone the day when ribbons must be wound on wooden "carriers" says WPB. All materials for ribbon spools are scarce and substitutes for steel—such as paper—have not proved satisfactory. Typists are asked to turn in a used spool when buying a new typewriter ribbon.

WAR ALARM CLOCKS AT \$1.65

The new war alarm clock will be sold for not more than \$1.65 exclusive of tax. WPB is allocating materials for \$1,700,000 of these clocks to ease a National shortage.

NARBERTH TO HOLD MEMORIAL SERVICE

Parade to Monument Will Feature Quiet Observance

Memorial Day will be marked by a quiet observance this year in Narberth, in deference to those in Narberth who have already made the supreme sacrifice for their country, according to an announcement by the Harold D. Speakman Post of the American Legion in Narberth.

A service will be held at the Memorial Monument in the borough, at Wynnewood and Windsor Aves. Preceding the service there will be a short parade from the center of the town to the Monument. The parade will start at the Fire House.

The parade, led by the Lower Merion Junior High School Band and a detachment of WAAC's stationed in the Philadelphia district, is expected to include the Volun-

SCOUTS TO HOLD TWO-DAY CAMPOREE

Haverford College to be Site of Annual Outdoor Meeting

Boy Scouts of the Main Line District are counting the minutes until Saturday, when they begin their annual two day camporee on early awaited than in the past, be-

The event this year is more eagerly awaited than in the past, because transportation difficulties have made it necessary for many troops to curtail the number of hikes and camping trips through the winter months. But at pre-camporee trips during the past few weeks, the boys have discovered that camping and woodcraft are just as much fun as ever before, and are anxious to show their skill in competition with other Scouts of the district.

Patrols are scheduled to arrive on the Haverford College grounds

Scouts To Hold 2-Day Camporee

(Continued from Page 1)
on Saturday afternoon at 1 P. M.
and to have their camps ready for
judging by 3 P. M. And they know
that the judges will be "tough," so
that those patrols and troops which
win honor awards will be able to
say with assurance that they are
"good campers."

Judges, selected by esley Matthews and Lester Langdon, of the Camporee Committee, will consider not only the arrangement of the campsite, from the standpoint of sanitation, protection against inclement weather, etc., and the cooking and serving of the Saturday supper and Sunday breakfast, but also the personal appearance of the individual Scouts.

A white streamer will be awarded each troop with a patrol that earns 8000 or more points, and stars will be added for each additional patrol in the troop earning 8000 points. Blue, red, and yellow streamers will be awarded patrols from the standpoint of excellence, and a madallion will be awarded patrols from the standpoint of excellence, and a madallion will be presented to every Scout who participates.

Fielding Howe, district commissioner, and Bert Curtis, assistant district commissioner, are directors of the camporee, assisted by George Roberts. Curtis also will be in charge of the Saturday evening campfire, which is expected to be one of the highlights of the first day's program. All Scouts will camp on the grounds overnight, with scoring continuing until Sunday at 8 A. M. At that time, the boys will be permitted to return to their home communities, to attend church services, or to attend religious services arranged for the camporee under the direction of Halph Unkefer and Thomas Hayden.

Walter Rosengarten and Ernest Hutchinson will be in charge of the field layout, and Dr. John Howson will be in charge of arrangements for health and safety. C. Shmmer Davis, district activities chairman, and Wesley Matthews will be in charge of awards, which will be made at the June Court of Honor. Charles A. Wright is director of publicity for the event.

CIVIL WAR VETERAN
Mr. Henry Doll, Civil War veteran, is looking forward to May 2, when he will return to his home, in Narberth, for a week's leave from the U. S. Navy Hospital, where he has been confined since November 18, 1941.

As compared to any of its neighboring states does not imply any lack of modern facilities. In 1940 these 2,517,840 families of Pennsylvania owned 1,859,394 passenger automobiles—one car for every one and one-third families in the Commonwealth. New York State in the last census had one motor car for every 1.5 families and Massachusetts one for every 2.9 families.

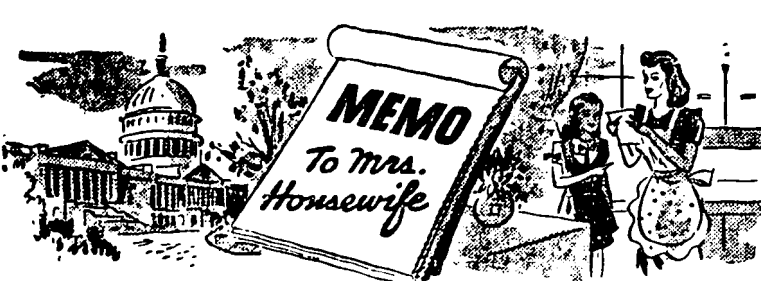

That Pennsylvania's family size, like that of the United States as a whole, is steadily growing amply does, however, emphasize that one of the larger tasks confronting us in the post-war world will be the creation of an increasingly large number of dwellings to meet the needs of our growing number of families, and also perhaps of an increasingly large number of motor cars to provide our people with adequate transportation.

ESTABLISHED 1912

NATIONAL PRESS BUILDING
WASHINGTON, D. C.

By Anne Goode

For after dark, dimmed-out Eastern cities are selling a "lady's shill leah!" Made of polished hardwood with luminous top this smart swag stick is weighted to give a hefty wallop.

Agriculture officials say no more food rationing is in sight. Fresh produce rationing would be too difficult, says OPA. So would poultry.

Lace curtains will be hard to buy. Looms formerly used to make them are now weaving mosquito netting for the armed forces.

Beware of shady clock dealers! They insert \$1 works in costly cases and soak you plenty.

An eastern chain of butcher shops employs women meat handlers. Women "butchers" weigh, trim and sell the ready-prepared carcasses.

Preserve identity stub of your beating ration! It will be required when next winter's rations are issued.

Shoe polish, paste and liquid, now a best-seller at a dime in thousands of groceries. Women guard the family's precious shoes by giving them the oil of sholinol, which preserves and protects them.

Though you'll pay 10 cents more for No. 1 can of oysters, the contents will be increased 50 per cent.

Large incoming shipments hint at an ease in coffee rations, but tea may disappear from many stores.

Women will be able to buy better quality full-fashioned rayon hosiery soon, as a result of WPB's order restricting hosiery output.

"Everything's peaches down in

Georgia" won't be true this year. Severe weather did much damage to fruit crops in 10 Southern states. In New York, too.

Dehydrated liver makes its appearance. Reduced to a fine brown powder, it keeps indefinitely and requires much less shipping space than fresh meat.

With margarine sales booming, the New York Academy of Medicine urges Washington that all brands be vitaminized, as in the case of the best vegetable margarine, and the public instructed that it is "nutritionally equal to butter."

WPB says 148,847 gas and electric refrigerators will be released for sale to the public this spring. Purchasers must sign a form, supplied by the retailer, declaring need and no other available refrigeration equipment.

Mink coats are getting scarce, dealers say. Many small mink breeders are going out of business for the duration for lack of adequate animal feed.

According to opinion in Washington, milk most likely won't be rationed on a nationwide scale. Regionally it might be necessary before the end of the year.

Packed as a "cocktail powder," dehydrated carrot juice makes its bow on the food market.

Two or four million cans of corn, tomatoes and other vegetables will soon be released from Army stocks for civilian use. Surplus was accumulated through the increased use of dehydrated foods in shipments to troops overseas.

Office is say clothing won't be rationed any time soon. It takes four to six months to set up a rationing program, and there's enough wool and cotton goods to meet normal demands.

G. O. P. Committee of Township Meets

Judge Dannehower complimented the County Commissioners for their work in giving Montgomery good government at one of the lowest tax rates in Pennsylvania and also praised the work of Lambert Cadwalader, representative from the first district, and his colleagues in the State Legislature.

The Committee people and other workers attending the meeting were introduced by McConnell.

W. C. T. U. TO MEET

The Narberth branch of the Women's Christian Temperance Union will meet at the home of Mrs. C. H. Washington, 23 Narberth Park, at 2 P. M. Mrs. W. H. Grindall, vice-president, will preside.

Anything from a snack to a full meal... served as you like it.

Satisfaction...

Our policy has always been quality workmanship. In the past, regardless of time or cost, we have striven to turn out laundry work that was as near perfection as possible... We still hold to these ideals, but present wartime conditions are making it very hard. So—if our service to you these days is slightly uncertain or protracted, it is because of our desire to still maintain our high standards of quality and efficiency under extremely trying conditions.

HIGH NOTES

by
DAVID MALICKSON
Class of 1945—Lower Merion High School

The senior class presented the three-act comedy play, "Mr. and Mrs. North," by Owen Davis, under the no-good, ornery Georgia Cracker, on the evenings of May 14 and 15, in the high school auditorium.

Walter Karcher took the leading male part, as Mr. North, while Barbara Floyd and Jean Simpson shared the part of Mrs. North's wife, Barbara, playing the part Friday evening and Jean, Saturday. The other members of the cast were: Dan Williams, who played the part of Elizabeth McNett, Claire Trent, Richard Shultz, Louis Ebert, Pat Warren and Jane Gillman, who portrayed the part of Jane Wilson on Friday and Saturday nights, respectively. Jack Robins, Ben Wilson, Bob Burkhardt, Clinton Edwards, Quinn Hart, a police man; Sally McKay and Pat Krauskop, shared the part of Mrs. Brooks during the two performances; Ted Friel, Mr. Brooks; Don Lockett, Lt. Weigand; John Gorman, detective Mullins; Bill Roke, medical examiner; Gene Macchi, police photographer; Carden Warner, fingerprint man; Bob Miller, Fuller Brush Man; Thomas Butler, Inspector O'Malley; Pete Munker, Timothy Barnes. During the time between acts Jocelyn McIntyre and Betty Reischer sang the vocal selections, "My Hero" and "Serenade."

Many thanks to those students, too numerous to name, who spent a great deal of time helping with the production of the play.

The students of L. M. are urged to donate large, green plants to the Army Hospital at Valley Forge. These plants will be used to decorate the unfinished corridors at the hospital. Though large plants are more desirable, small ones will be also greatly appreciated. Contributions are to be placed in the principal's office during the early part of this week.

The initial L. M. Invitation Bowling League tournament was won by West Chester, followed closely by Upper Darby, Norristown, Phoenixville-Lacey, Game placed seventh for L. M. . . . the girls' tennis team defeated Radnor 4-1 last Thursday afternoon. . . . the boys' tennis team won the Suburban Championship when they defeated Lansdowne 3-2. . . . the track men defeated West Catholic last Thursday 60 1/2 to 56 1/2.

As the school year draws to a close a fellow turns his thoughts to the problem of whom is he going to escort to the last, and probably

the best school dance of the year, namely the Junior Prom, to be held in the Town's Gym on the evening of May 24. The dance, which is under the direction of Don Carson, class president, and other class officers, is scheduled for 9 o'clock.

Music is to be furnished by one of the "top notch" bands.

The student speakers at the Senior class commencement, to be held this year on June 4, are Alex Holcombe, Valedictorian, and Ruth Elizabeth Jenkins, Salutatorian. . . . The day will be held on June 1st. Students participating in the program are: Walt Karcher, orator; Gloria Brown, poet; Jocelyn McIntyre, Ivy Reiser, and Jack Young, epide man.

The first big league baseball club, to travel by air was the Boston Red Sox. . . . Dick Wakefield, playing with Beaumont last year, led Texas League outfielders with 17 assists and five double plays. . . . Jimmy Brown, son of Prentiss Brown, a pitcher, is an outfielder on the University of Michigan squad. . . . Oral Hildebrand, former Cleveland pitcher, is building bombshells.

Although there are thousands of race horse owners, each has a different set of racing colors or silks. Every set must be registered with the Jockey Club. Registration for life costs \$25, and there are 500 sets registered in perpetuity—from father to son. Others register from year to year on a \$1 a year basis. Most racing silks, composed of cap and jacket, are of two colors, although quite a few have three. All solid colors were registered years ago and are no longer available.

Chicago White Sox uniform No. 16, which belonged to Pitcher Ted Lyons, has been retired until the lieutenant returns to Comiskey Park after the war. . . . Baseball has had six major leagues—the current American and National, old American Association, Federal League, Players League and Union Association. The all-time record for throwing a baseball is 436 feet, 9 1/2 inches, set by Sheldon Lejeune at Cincinnati, October 12, 1910.

RELIEF PAYMENTS

State Treasurer G. Harold Wagner reported that direct relief payments made to needy residents of county during the week ended today show a decrease of \$21,425 under those of the previous week.

Payments for the week totaled \$766,80, which was \$221,70 less than those of the comparable week of last year.

REGISTRARS LIST FOUR DAYS HERE

At Ardmore May 25,
August 6; Narberth
June 14 and July 28

New residents may register for voting, and other registration business can be conducted when traveling registrars of the Montgomery County Registration Commission sit at the Township Building, Ardmore, on May 25 and August 6, from 1 to 9 P. M., and at Elm Hall, Narberth, on June 14 and July 28.

All women who have married since they registered and persons who have moved from one election district to another are especially urged by the Registration Commission to have their registration record corrected.

Voters who were previously enrolled but have not voted for two years, also must re-register in person in order to be eligible to vote. Those who have become 21 years of age recently or will do so by September 15, likewise may take this opportunity to become registered.

The main office of the Commission, at the Court House in Norristown, will continue to handle all forms of registration business between the hours of 8 A. M. to 4 P. M. weekdays and 8 A. M. to 12 noon Saturdays. August 14 is the last day to register prior to the falls on September 14. Only those registered by party can vote at the primary.

In addition to the regular hours, the Registration Office at the Court House will be open until 9 P. M. on June 28 and August 11 for the convenience of voters.

DEFENSE COUNCIL OFFERS ADVICE

Consumer Information Given on Care of Clothing in Summer

The Council of Defense of Lower Merion Township points out a number of items which are of timely interest to the residents of Lower Merion Township, from the report of the State Advisory Committee on Consumer Interests:

"Before packing winter things away for the summer, be sure that they are clean. Clean fabrics lose very little in strength during storage, provided they are stored in a dark, cool place. Stained and dirty fabrics deteriorate in the stained and dirty areas.

"To clean woolen articles, dust thoroughly and send to a commercial dry cleaner or launder at home. Woolens should be dry cleaned except in the case of light weight, light-colored woolen fabrics in woman's dresses which are non-tailored or in underwear. Woolen garments which have pleats or tailoring of any kind should be dry cleaned.

"Home dry cleaning is not recommended for the following three reasons: (1) All dry cleaning solvents are either inflammable, or toxic, or both. (2) The soil removal efficiency of all home dry cleaning procedures is extremely low. (3) It is costly of dry cleaning solvent to have it scattered in small quantities among thousands of homes where there is no method of recovery. Commercial dry cleaners have special solvent-recovering equipment which enables solvent to be used over and over again with minimum loss.

"If a woolen fabric is of a light color, and is present in a garment of which the construction, such as pleats and tailored pockets and other tailored features is not ruined by water washing, the garments may be satisfactorily laundered by the following simple procedure:

(1) Use only lukewarm water, no warmer than the hands can stand comfortably.

(2) Use only natural soap, preferably soap flakes. With this a creamy lather should be produced before the fabric is entered into the suds.

(3) Wash by cupping the fabric in and out gently with the hands, avoiding all unnecessary agitations.

(4) Rinse in plenty of lukewarm water.

(5) Wrap the garment gently in a soft bath towel for several hours, then remove and shape carefully with the hands, stretching the garment gently to the proper measurements.

(6) Iron carefully after the woolen garment has dried.

'Yankee Auctioneer' to be At Unique Bond Benefit

A Yankee auctioneer, who is equally at home at a society affair or tangling with New Hampshire natives, James A. ("Jim") Hall will "do his stuff" on the Main Line this Friday and Saturday as the feature attraction of a War Bond and Stamp Auction sale, to be held at 19 E. Lancaster Ave., Ardmore, under the auspices of the Emergency Air and the Ardmore War Stamp Exchange. All proceeds will go into War Bonds and Stamps. Hours for these are 2 and 8 P. M. on both days.

Hall's work at an auction is reputed to be a combination of a three-ring circus and a fast-moving vaudeville show with some aspects of a rip-snorting political rally thrown in for good measure.

Describing a war-relief auction in a fashionable Boston church, attended by nearly 1,000 of the socially elite just a year ago, John P. Cogswell wrote in the August 1, 1942 issue of the "Saturday Evening Post":

"The stub-legged, barrel-cheated, square-jawed vendor, offspring of six generations of hard-handed dirt farmers, with a four star rating for winning friends and influencing people, not only sold off a bewildering array of donated articles but gave the city folks a bang-up show as well."

The Post article tells how Hall, at five or six sales every summer sells more than \$80,000 worth of early American antiques out of his big auction barn near Keene, N. H., to an assorted regular 3,000 visitors from all over the country.

While Hall, who is donating his services, is the star attraction at the auction, there are others. Foremost is the outstanding stock of donated articles to be sold. A solid silver tea service which has been in one family since 1810 is one of the choice items to be disposed of. There is an order for a portrait to be painted by Lawson Adams, an internationally known artist, who formerly lived in France and regularly charged and received \$1000 for a portrait.

Other items include a Baby Grand piano, Oriental rugs, antique fabrics, early American glass, modern and old china, silver, period furniture and a host of other articles, some of great intrinsic value and others which are worthwhile but not expensive. Fine wood paneling from two famous Main Line mansions now demolished and from a French Chateau are also on the block.

One of the unique features of the auction is the method by which things will be sold. To illustrate, if an article is knocked down by Hall for \$10 the donor of the article receives \$5 in war stamps and the successful bidder gets the article and as a sort of bonus, the other \$5, also in war stamps. This method of selling donated articles has been successfully employed at the Ardmore War Stamp Exchange by its director, Mrs. Lois Umben, of Narberth, for many months, resulting in the sale of more than \$160,000 worth of war bonds and stamps. She calls it converting frozen capital into working capital.

The auction marks the conclusion, also, of the bomber campaign being conducted by the Emergency Aid. The bonds and stamp sales of this organization are expected to top \$300,000 and the bomber, a four motor heavy one to be bought with the proceeds, will be christened "Main Liner."

Marital airs will be played by the Bala-Cynwyd Junior High School Band, 70 strong, on Friday outside the auction rooms, from 1:30 to 3, while on Saturday during the same hours, the band of the U. S. Army Air Corps Technical Training Unit from Haverford College will perform.

Report 119 Cases of Contagious Disease

The following cases of contagious disease were reported in Lower Merion Township during the week ending May 14:

Nineteen chickenpox, 37 German measles, 52 measles, four mumps, one pneumonia, one scarlet fever, one tuberculosis and four whooping cough.

VOLUNTEERS NEEDED

The Narberth Red Cross workrooms in Elm Hall will be open on Tuesday evenings, from 7 to 9 P. M., beginning May 25, for making surgical dressings.

Members of the community are needed to work on the project as volunteers.

Articles will be on exhibition to the public this Thursday, but none will be sold except at the auction.

Mrs. Umben, director of the War Stamp Exchange, located at 49 W. Lancaster Ave., Ardmore, and Mrs. Francis Small, of Bryn Mawr, Main Line chairman of the War Bond and Stamp Committee of the Emergency Aid, are in charge of the affair.

Mrs. Umben's committee, assisting in the sale, includes the following: Mrs. Frank P. K. Barker, Mrs. Francis Cabern, Mrs. Alexander Crawford, Mrs. Nelson Crawford, Mrs. F. B. Glenn, Mrs. P. Paris, Mrs. S. C. Finell, Mrs. Russell Hinchman, Mrs. Conrad Hare, Miss Emily Hamersly, Mrs. Laurence Hartzell, Mr. William Hughes, Mrs. R. C. Morse, Mrs. H. B. Painter, Mrs. George F. Pawling, Mrs. George E. Prindle, Mrs. W. Randolph, Mrs. Clayton Shoemaker, Mrs. F. B. Spencer, Mrs. George Stuart, Miss Lucy Sutton, Mrs. William Watt, Mrs. Charles K. West, Mrs. W. S. Wilcox, Mrs. James E. Woltz.

Mrs. Small's committee of Emergency Aid members includes: Mrs. Lefkoy P. Leas, co-chairman; Mrs. Samuel H. Eckert, Mrs. Walter P. Sharp, Mrs. John H. Locke, Mrs. C. Wilmer Middleton, Mrs. Harbours Mitchell, Mrs. Horace H. Thayer, Jr., Mrs. L. W. Van Meter, Mrs. John J. Van Roden, Mrs. C. H. Rolf and Mrs. Lewis Homphrey.

URGES WEARING OF POPPIES MAY 21

Auxiliary Chairman to Supervise Sale On Poppy Day

Faith in America with those who have died in the nation's service will be pledged anew on Poppy Day, May 21, Mrs. Freida Schrepfer, American Legion Auxiliary Poppy Chairman, said today as the Auxiliary continued preparations for its annual distribution of memorial poppies.

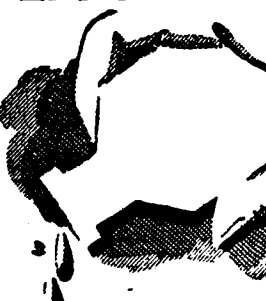

"The wearing of the poppy is a personal pledge that we will not 'break faith' with those who died but will carry on the achievement of the things for which they gave their lives," said Mrs. Schrepfer.

"Millions of Americans will wear the poppy this year as a tribute to the dead of both World Wars and a mark of their determination to conclude this war with complete victory. The flower is the symbol of life given in service for America. The wearer makes an unspoken pledge to the nation's heroic dead that he will live as they did, serving America."

Poppies will be offered to everyone in Narberth by the women of the Auxiliary on Poppy Day. A poppy over every heart is the goal.

Contributions given to the Auxiliary's volunteer poppy workers will go in their entirety to the rehabilitation and child welfare funds of the American Legion Auxiliary, where they will help support the Legion's and Auxiliary's efforts for the disabled fighting men of both wars, and for the children of the dead and disabled.

FREE COURSES OPEN TO STUDENTS

Government Provides College Training For Graduates

Dr. A. N. Lucian, Coordinator of the War Training Program of tuition-free courses sponsored by the U. S. Office of Education at various colleges in Philadelphia, has urged young men and women who are graduating from high schools and colleges to enroll in courses of study offered through the Engineering, Science, and Management War Training program.

This appeal is directed also to older groups of men and women in this community who are high school or college graduates. Full time and part time courses will be offered to train qualified persons for responsible and well-paying positions in war plants and government agencies.

These courses cover a period of approximately ten to sixteen weeks, and will qualify the trainees for positions such as engineering draftsmen, junior engineers, designers, technical assistants, inspectors, assistants in chemical laboratories, expediting and procurement aides and in other capacities of importance in the war effort. The training will help high school graduates to qualify for higher bracket jobs.

For those interested in the fields of Aircraft, Shipbuilding, Instrument manufacturing, Chemical and Electrical Industries, Metal Industries and other defense industries, there is available a full time summer course in "Elements of Engineering" beginning June 21st, and extending over a period of ten weeks, with intensive instruction for eight hours a day, five days a week. This full time course will be given at several Philadelphia colleges, and the subjects covered will include Engineering Drawing, Mathematics, Physics, Strength of Materials, Inspection and Shop Practice.

There will be two other options in this course—one in Chemistry and one in Electricity and Radio. The prerequisites for these courses are high school graduation and one or two years of mathematics and one year of science. Other full time courses to start in June and open to high school graduates include: Photogrammetry (military map making) and Analytical Chemistry, both given at Bryn Mawr.

In addition to the above, many part time evening courses, open to high school graduates, will start in

June. These courses are especially designed for women and men who are already employed in war production plants. Among these are:

Fundamentals of Radio at Haverford and Temple Universities.
Industrial Chemistry at Temple.
Industrial Organic Chemistry at Haverford.

Elementary Engineering Drawing, Elementary Welding Engineering, Engineering Mathematics and Metallurgy at Drexel. Junior Engineering, Advanced Engineering Drawing, and Electrical Measurements at Villanova.

A special full time course of ten weeks duration in Engineering Fundamentals is open only to women college graduates. This course will qualify the trainees for high salaried civil service appointments in various government agencies in this area.

Full information may be obtained from Dr. A. N. Lucian, Coordinator of Engineering Science and Management War Training, Room 102 Wilford Building, 33rd and Arch Streets, Philadelphia, (Evergreen 4940).

Applications must be filed with Dr. Lucian, and may be obtained at the Office of Civilian Defense, Room 100 Municipal Building, Upper Darby, from Mrs. J. O. Hopwood, or at the Engineering, Science and Management War Training Office, Room 102 Wilford Building.

PRICE PANEL

The newly created Price Panel of the Ardmore War Price and Rationing Board wishes to point out to the public that their work will be considerably simplified and the public better protected against excessive prices if definite evidence of overcharges can be secured by purchasers. It is pointed out that a retailer must furnish, when requested, a receipt showing the article bought, the price paid, the date and name of the purchaser. Submission of definite data of this sort will make it very easy for the Price Panel and their assistants to check violations of price ceilings.

Pat George E. Phillips, son of Mrs. Margaret Phillips, of 117 Conway Ave., Narberth, has completed his basic training at Camp Gordon, Ga., and has been advanced to Corporal.

RED CROSS OFFERS 75 SCHOLARSHIPS

Winners Trained in Social Work to Fill Large Demand

Seventy-five Red Cross scholarships will be available July 1 to selected persons eligible for training in approved schools of social work, Harry I. Lauer, chairman of the Southeastern Pennsylvania Chapter, has announced.

The need for trained personnel in home service activities has increased with the rapid rise in requests for Red Cross assistance from service men and their families. It was pointed out. Requests for financial assistance, help in filing claims for government benefits, as well as for other special Red Cross services have jumped from a national average of 500 daily before Pearl Harbor to more than 4000 per day, according to nationwide reports from home service chairmen.

The scholarship plan is expected to help relieve the shortage of trained personnel required by the Red Cross in fulfilling its obligations to the men of the armed forces and their families. Upon completion of the scholarship, students will be assigned to home service positions as executive secretaries, supervisors, and case workers in local chapters, and to area home service positions as field representatives.

Candidates for scholarships must be between the ages of 22 and 40 years of age. They must be graduates of an accredited college and acceptable for admission to schools of social work accredited by the American Association of Schools of Social Work.

Full tuition and an allowance of \$65 a month toward maintenance for a period of one academic year are provided.

Applications and information may be obtained by addressing: Home Service Director, American Red Cross, Eastern Area, 615 North St. Asaph St., Alexandria, Va.

Professor F. P. Stroup Speaks to Rotarians

Professor Freeman P. Stroup, of the Philadelphia College of Pharmacy was guest speaker at the meeting of the Bala-Cynwyd Narberth Rotary Club, Tuesday, May 18.

Professor Stroup's topic was "Utilization of Waste." He discussed the manufacture of plastics, insulation fabrics, etc. from such things as sugar cane fiber, swim milk, old rope, and other odd materials, formerly considered as useless waste.

The speaker was introduced by L. Stanley King, chairman of the day. At the meeting, which was presided over by Dr. F. Munro Purse, Wallace R. Smiles, of 415 Tregaron Rd. in Cynwyd, was welcomed as a new member.

Quartet Announces Wayne Program

The Budapest String Quartet have announced the following program for their concert next Wednesday evening, May 26, in the Radnor High School auditorium, Wayne:

Quartet in B flat major—Opus 18—No. 6—Beethoven
Quartet in G minor—Opus 10—Debussy

John Barton Is Jeeter Jester, Interviewer Finds

Wounded soldiers convalescing at the Valley Forge General Hospital near Phoenixville, were entertained last Thursday by John Barton, star of "Tobacco Road," which concluded an engagement in Philadelphia last week.

The soldiers were enthusiastic about Barton's appearance, which included several scenes from "Tobacco Road," a play in which he has acted the lead 2320 times through Saturday night. Barton, vigorous but no longer young, put on four shows for the soldiers in various parts of the hospital and then returned to Philadelphia for the evening performance of the play.

Interviewed in his dressing room by this correspondent following Friday night's performance, in company with Albert Paul Masses, of Penn Valley, well known in show business in Philadelphia and New York, Barton was removing his makeup and changing his clothes.

The long, flowing white hair which enhances his appearance as Jeeter Lester on the stage is his own and no wig, we learned. Also the agility with which he danced and hopped about at times in the show belies the fact he has been in show business for 52 years.

Asked how he managed to put so much zest and "umph" into the part after playing it for more than five and one-half years, Barton replied simply, "I always try to do my best and put my heart into it. This bore out the impression received in front of the footlights, that John Barton was not just acting the part, but that during the show he actually was Jeeter Lester, the direction of Mr. Allen G. Samuels with a song in his heart and an elemental love for the good earth in his soul." R. M. C.

1000 Volunteers Set High Mark at Blood Donor Center

One thousand volunteers helped the Main Line Branch of the Red Cross to open its new blood donor center last week.

In addition to individual donors, groups representing Penn Wynne, Narberth, Autocar Company and Lower Merion Township police aided in securing one of the largest weekly totals in the southeastern area since the blood donor campaign was started by the Red Cross.

Assisting the members of the blood donor department of the Red Cross were the Red Cross Juniors. Composed of Main Line school children, the Juniors manned the center and assisted members of the senior committee.

Plans are already underway for a second campaign at the center, starting the week of August 9 and ending August 15. Registration of volunteers has started and appointments made by calling Ardmore 3100.

Quartet: "Death and the Maiden" Schubert

There will be no admission charge for the concert, which is being sponsored by the Tri-County Concerts Association. It will begin at 8:30 sharp.

The auditorium is within walking distance of the Paoli local, the Lancaster Ave. bus and the P. & W.

FLAG WEEK

The Lower Merion Council of Defense has appointed Rev. R. E. Keighton, chairman of a Township Committee on the observance of Flag Week, June 8 to 14.

SCRAP COLLECTION TO CLOSE MAY 22

State Asked for Monthly Quota of 1,500,000 lbs. of Fat

Pennsylvania's Spring Scrap collection comes to a close next Saturday, May 22. The week following is designated as "Mop Up Week" by the State Salvage Committee of the Council of Defense.

The Lower Merion Council of Defense urges that residents of the Township put out that overlooked garage scrap, or the spring house-cleaning overflow, or any item that may have been put aside for salvage in order that Montgomery County may stand well at the top of the list when the final counting is made, and the awards distributed. The fighters on the home front dare not relax their efforts to keep the supply lines flowing. Every scrap of scrap helps.

Pennsylvania has been asked to collect 1,500,000 pounds of waste household fats during the month of June and to maintain that figure for the duration. Every housewife is urged to do her part.

Dr. Howard Wayne Smith, executive director of the Council of Defense of Lower Merion Township reminds local housewives to pour waste grease through a fine strainer or cloth into a tin can. Keep in the refrigerator until can is full, then sell to the butcher, who in turn will see that the fat is delivered to the plants where the glycerine is extracted and made into explosives and medical supplies. One tablespoon of fat every day is all that is required from every housewife. If every housewife will do her share in the fat collection, the demand will be "Enough when needed."

This state holds first place in the collection of tin cans and silk and nylon stockings, but the situation sums up in the words of a director of the WPB, "We will never have enough of anything until the war ends."

Tin cans and silk and nylon hosiery are still urgently needed. The tin cans are needed for making canisters of gas masks and metal containers for blood plasma. Great quantities are required for solder, bearings and bushings that go into planes, ships, tanks and guns. The silk stockings are needed to make powder bags to discharge shells from our big caliber guns. Nylon goes into parachutes.

There is a strong demand, also, for brown paper in Pennsylvania. This includes properly packed cartons and containers, corrugated paper board, wrapping paper, etc. No item of this critical material should be destroyed. The Council of Defense suggests that local residents may put it out with their regular ash and trash collections, contribute items to charity organizations, or sell the material to local dealers. In this way, this special paper which is needed for the manufacture of waterproof boxes for shipping munitions, food, clothing and medical supplies to our men all over the world will be handled by the proper agencies for salvage.

Summer School to Open At the Hedgerow Theatre

Jasper Deeter will again conduct a six weeks' summer school. This is the fourth consecutive year in which students from all sections of the country—California, Texas, Maine and Philadelphia, have come to study acting with Mr. Deeter and other members of the faculty in Rose Valley, Pa.

This year, for the first time in direction, the Principles of Movement and Play Production have both added to the curriculum. Also, for the first time in the summer school evening as well as day classes are being formed.

The faculty this season will be composed of Miriam Phillips, a teacher in the Philadelphia Hedgerow School of Expression and an active member of the Hedgerow Theatre Company; Mahlon Nall, technical advisor for the Hedgerow Theatre; and Beth Bolling, a former student and teacher with William Roessler of New York.

Mr. Deeter will supervise all classes and will, himself, conduct the courses in Direction and two acting classes—"The Individual's Approach to Acting" and "The Practice of Acting."

There will be no auditions. Personal interviews are not necessary; however, they are advisable and may be arranged for by writing Audrey Ward, Hedgerow Theatre, Moylan, Pa.

Cabrey Appointed to Coordinate Plans For 4th of July

J. J. Cabrey was asked this week by Burgess Richard L. Miller to act as coordinator and chairman of Narberth's 1943 Fourth of July celebration.

Following his appointment, Mr. Cabrey announced that a meeting will be held at the Community Building next Thursday at 8 P. M. when all heads of organizations, as well as individuals in the Borough are asked to be present to help plan for a successful and appropriate observance of the Fourth.

ON CHAMPION TEAM

C. Howard Nold, Jr., son of Mr. and Mrs. Charles H. Nold, 100 Wynnedale Rd., Narberth, a graduate of Merrensburg Academy, was on the Naval ROTC team that won the intramural swimming championship at Brown University, Providence, R. I., this year.

Nold is a member of Delta Upsilon fraternity. He belongs to the Camarion Club, senior Governing Body, and to the Sphinx Club, student-faculty discussion group.

Don't Waste
Springfield Water

A land of plenty has been converted to one of serious shortages due to all-out war demands.

Our supplies and production facilities of strategic materials such as rubber, steel, copper, oil and transportation are taxed far beyond normal limits.

Because of these war-time requirements our facilities cannot be expanded and all LAWN SPRINKLING and other waste of Springfield water must stop for the duration.

Cramps and Manoa To Clash in Baseball Opener on May 30

It shouldn't take long to find out just how wide a swath Ed Sullivan's Cramps team will cut in the Main Line Baseball League. The industrial club, subbing for Gladwyn in the role of a travelling team, will oppose Manoa's defending champions on the Haverford Township diamond in the league opener, Sunday, May 30.

The following afternoon Cramps will invade Narberth for a scrap with Gene Davis' tossers, who were runners-up last year, and who have won more pennants than any other Main Line team. These two games not only should determine the calibre of the Sullivanmen but figure to provide the highlight of the Memorial Day week-end.

Narberth and Brookline will clash in one of the curtain-raisers at Narberth and Overbrook, and Penmar will tangle at 49th and Haverford Ave. in the other May 30 opener.

Penmar will entertain Brookline and Manoa will play host to Overbrook in the holiday games Monday, May 31. The only other games listed for days other than Sunday are those on Monday, July 5, when a full three-game program is planned.

The schedule is just half the length of last year's with each team playing the others three times. Manoa, Narberth and Penmar, the three teams with home fields, will be at home 12 of the 15 playing dates. When Manoa and Penmar are away from home, Cramps are away from home.

The make-up of the teams is still uncertain, but most managers expect to have a considerable number of holdovers and are counting on high school and college players, who have been deferred for some reason, to fill in the vacancies. Several clubs are counting on servicemen who are stationed nearby or are studying at one of the colleges in the district. All of the clubs have had several workouts for candidates and expect to have their lineups fairly well set by the end of the week.

The schedule:

May 30—Cramps at Manoa; Brookline at Narberth; Overbrook at Penmar.

May 31—Overbrook at Manoa; Brookline at Penmar; Cramps at Narberth.

June 6—Overbrook at Narberth; Penmar at Manoa; Cramps at Brookline; at 49th and Haverford Ave.

June 13—Narberth at Penmar; Brookline at Manoa; Cramps at Overbrook.

June 20—Cramps at Penmar; Manoa at Narberth; Brookline vs. Overbrook at Manoa.

June 27—Brookline at Narberth; Cramps at Manoa; Overbrook at Penmar.

July 4—Overbrook at Manoa; Brookline at Penmar; Cramps at Narberth.

July 5—Overbrook at Narberth; Manoa at Penmar; Brookline vs. Cramps at Manoa.

July 11—Penmar at Narberth;

Brookline at Manoa; Overbrook vs. Cramps at 49th St. and Haverford Ave.

July 18—Cramps at Penmar; Narberth at Manoa; Overbrook at Brookline.

July 25—Brookline at Narberth; Cramps at Manoa; Overbrook at Penmar.

August 1—Overbrook at Manoa; Brookline at Penmar; Cramps at Narberth.

August 8—Manoa at Penmar; Overbrook at Narberth; Brookline vs. Cramps at Manoa.

August 15—Penmar at Narberth; Brookline at Manoa; Overbrook vs. Cramps at 49th St. and Haverford Ave.

August 22—Cramps at Penmar; Narberth at Manoa; Overbrook at Brookline.

*Home team.

State Appropriation Gives \$47,000 to Bryn Mawr Hospital

A State appropriation of \$47,000 to Bryn Mawr Hospital is included in a Bill which has been passed by the Legislature and now awaits Governor Martin's signature.

This was announced by Lloyd H. Wood, Montgomery County Representative in the Legislature and a member of the House Committee on Appropriations which approved the Bill. Wood also was co-sponsor of this particular piece of legislation.

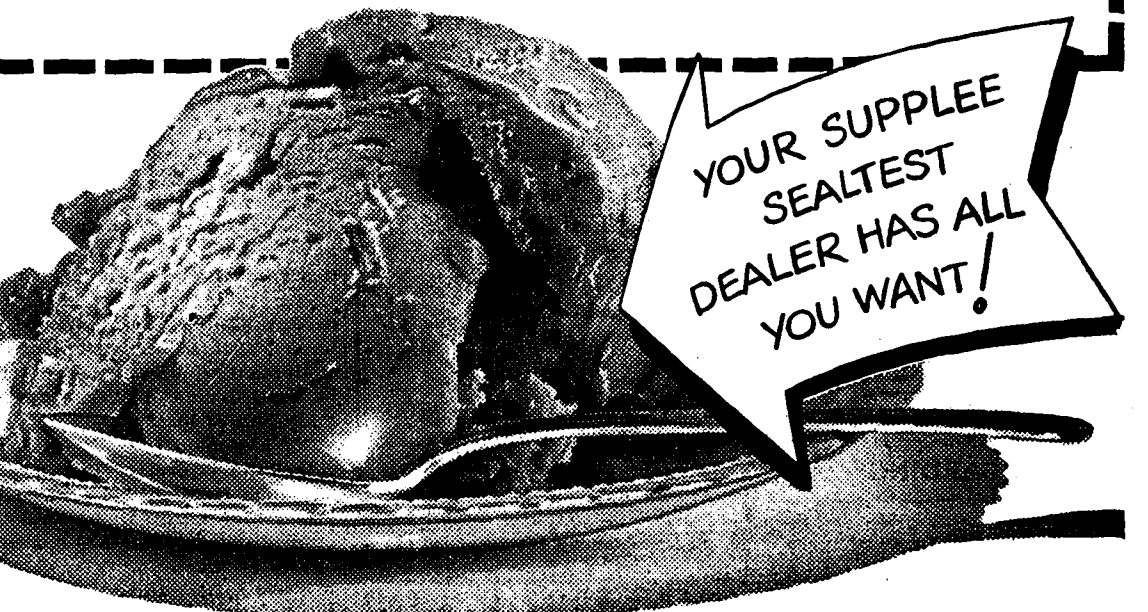

The appropriation to Bryn Mawr Hospital, for the 1943-1944 biennium, is an increase of \$7000 over the amount allotted the hospital for the past two years.

Total appropriations to hospitals serving Montgomery County residents are \$198,500. Payments will be made on a quarterly basis.
